CANADIAN BUSINESS

Canadian Youth Business Foundation

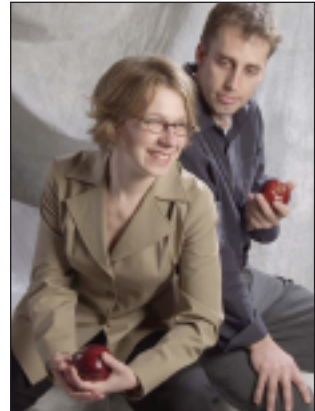

Supporting tomorrow's business leaders – today.

At Canadian Youth Business Foundation, we support aspiring young Canadian entrepreneurs 18-34 through mentoring, start-up financing up to \$15,000, and learning resources.

We are a national charitable volunteer-based organization.

Currently an average of three new businesses a week are started through a network of 33 sites across Canada, reaching 378 local communities. Through business start-ups, over 3,000 jobs have been created for young entrepreneurs and their employees.

English School of Canada is just one of over a 1,000 businesses nationwide that we have assisted since 1996. Saskia and Anthony Stille attribute their business success to their mentoring relationship with Rhona Berengut. The transfer of information from an experienced business person to a young entrepreneur greatly increases the likelihood of success.
